ST. TIMOTHY

St. Timothy Chair was founded in 1973 with a focus on customizable upholstered wood seating. For the past 50 years, the name has embodied the essence of quality commercial furnishings manufactured for corporate, institutional, hospitality, and healthcare environments; all while committed to American manufacturing in the foothills of Western North Carolina.

That same spirit and tradition is carried forward in the Cabot Wrenn St. Timothy Collection.

Cabot Wrenn maintains the same commitment to quality commercial furnishings produced with short production times, while utilizing a large selection of styles, covers, and finishes; all in our own Western North Carolina manufacturing facilities.

CABOT WRENN

Cabot Wrenn was founded in 1981 under the guiding principles of traditional North Carolina furniture culture.

The mission, to make the finest furniture available utilizing only the finest materials and most skilled artisans in the industry.

In 2015, Cabot Wrenn was acquired by the Rock House Farm Family of Brands, becoming a sister company to Century and Hickory Chair. Under the current leadership of Federico Contigiani the company continues to honor the mission upon which it was founded.

In 2023, Cabot Wrenn acquired the St. Timothy Chair brand to add to its' product line.

Throughout, Cabot Wrenn has continued to chart new paths in defining the modern workplace; merging traditional and contemporary forms for a progressive relevant aesthetic. This is our legacy. This is our DNA.

CONSTRUCTION

As many as 17 craftsmen devote up to 80 hours building each Cabot Wrenn product.

This helps to ensure the quality construction we are known for.

As well as making each piece truly original.

1. Clear Maple Frame or Layered Baltic Birch
2. High Density 2.5 lb. foam core wrapped with plush fiber encased in sewn ticking
3. Steel corner brackets
4. Every coil is hand-tied and knotted in at least eight directions and anchored to the frame
5. Legs may be extensions of the frame or double-doweled into the frame
6. Up to 21-Step Finishing process is applied to all exposed wood

FABRIC & LEATHER

FABRIC

Cabot Wrenn takes pride in offering an extensive selection of graded in fabric options.

In a combined effort with the following fabric distributors, we offer top quality upholstery.

Anzea	Camira	Designtex	Momentum
Architex	Carnegie	Enviro Leather LDI	Pallas Textiles
Arc Com	CF Stinson	Maharam	Paul Brayton
		Mayer	Ultrafabrics

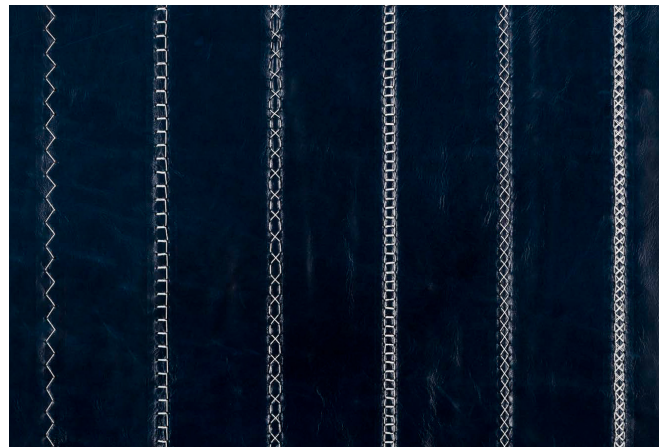

UPHOLSTERY DETAILING

We invite you to get creative with your upholstery design and make your own original. From stitching to quilting, we offer a myriad of embellishment options to dress up a piece of furniture. Our intricate detailing techniques and countless options allow you to be creative and personalize your furniture any way you see fit. With endless possibilities, the choice is yours.

QUILTING

Quilting is a decorative feature applied to upholstery. Originally done only on fabric, we have taken the art of quilting and perfected it on leather. Because of the extra fill required to create quilts, quilted furniture can provide very luxurious seating. We offer a variety of channel and diamond quilts.

STITCHING

We practice a variety of standard and designer stitching techniques to ensure your piece of furniture fits your own unique style. Various stitching patterns can create a subtle or prominent effect.

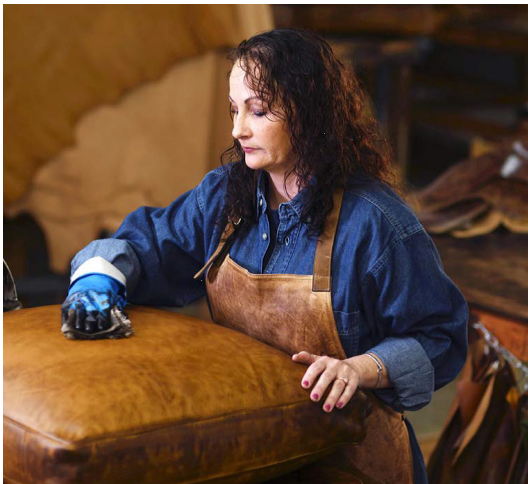

LEATHER

Our extensive gallery boasts more than 400 leathers. As creators of America's finest furniture, our line of leathers includes the best of everything: top-grain leathers, exotic animal skins, metallic and embossed leathers. Each leather is selected for natural appearance, with distinctive markings that impart unique character. The natural surface of leather is like a landscape, with varying textures and shadowy furrows. These distinctive features are unique to genuine leather, a product which is real, not engineered. As with all things in nature, no two hides will be exactly alike.

NAILING

Nails can add a distinctive look to furniture. From rustic, antiqued nails to shiny, nickel nails, these decorative elements add a finishing touch to a product to enhance the look of the leather.

BURNISHING

Our burnishing specialists employ a labor intensive hand sanding process, applying layers of waxes, dyes and oils to give a unique, almost antique look. Like fine leather hand goods, our burnished leathers' unique patinas develop a depth and uniqueness over time.

No two pieces are alike.

EMBROIDERY

Embroidery adds a unique touch to a piece of furniture, making it truly your own original. We offer almost every type of design or logo to be embroidered on most leathers. The design is digitized by computer and then replicated with stitching on the leather.

NAIL TRIM

From the discreet textures of Traveler's Nail to the decorative characteristic of Antiqued Nail, nailheads lend the right amount of glamour to a piece of furniture. We offer a variety of sizes, finishes and textures to create just the right accent for each piece of furniture. Please visit our website for the latest in our nailhead trim.
