ENVIRONMENTAL STATEMENT.

In working to reduce waste, sustain resources, support recycling, and eliminate harmful chemicals, Cabot Wrenn takes active, tangible steps to preserve our environment.

Our primary material, wood, is fundamental to everything we do.

Fortunately, it is the most readily available, and easily renewable resource.

It also has the added benefit of being the only resource with a carbon negative footprint.

All of our wood is harvested from sustainable forests.

We utilize non-toxic finishing materials that are virtually free of all volatile organic compound emissions, as well as Ozone Depleting Substances (ODS).

All these materials boast low emissions designed to reduce off gassing in order to preserve the air we breathe.

Every upholstery piece is produced using foam that is free of harmful fluorocarbons; all foams used are PBDE, TCDPP, TCEP and formaldehyde free.

Every scrap of foam generated is sent back to the supplier for recycling.

We have joined with several fabric suppliers to offer top quality upholstery, which is also environmentally friendly. Momentum®, CF Stinson®, Maharam® and Mayer® are just a few of the suppliers we work with to provide textiles made of up to 100% recyclable materials that are also 100% recyclable/compostable and PVC-free.

Our glue is water-based and environmentally friendly; all bases and metal components contain recycled material and are 100% recyclable; our factories employ energy efficient lighting; recycled paper is used for our literature and price list. No measure is too small.

The determination doesn't stop with manufacturing, but extends to the packaging and transporting of our product. All of our corrugated packaging material is up to 100% recycled content and 96% post-consumer recycled content.

Working directly in a combined effort with local partners, we have diverted tons of waste from our landfills. We also encourage the use of carriers that promote cleaner, more fuel efficient transportation to lessen fumes exhausted into the air from transporting our product.

At Cabot Wrenn, we take great pride in being a good steward of our resources as we strive to protect and sustain the environment for everyone present and future.

How To Order Leather

Leathers can be purchased by the hide, half hide, or on a square footage basis.

For leather cut to size, we will compute the square footage and double the square footage price to account for the leather yield loss. Please contact customer service for leather requirements if the approximate average hide size is less than 10 square feet.

We will try to accommodate specific footage requests, but hide sizes vary and you will be billed for actual square footage.

CLEANING INSTRUCTIONS.

Cleaning Instructions for Leather

General Care Tips

Try to maintain at least two feet between your furniture and heating sources. Avoid placing your furniture in direct sunlight. All materials will fade over time when exposed to sunlight.

Natural Markings

Each piece of leather has unique marks and a personality all its own. These distinctive marks are barbed wire nicks, brands, and nature's hallmarks. Only true leather can boast these marks, and pride of ownership is enhanced due to this individuality. Please note these marks are not defects but characteristics of full top grain leathers.

Protected Leather

No upholstery material is easier to care for than genuine top grain leather. Dust frequently with a clean dry cloth. Wipe occasionally with a mild Ivory soap and water solution on a clean damp cloth. Repeat with a clean damp cloth and dry with a clean cloth to restore the beautiful patina of the leather. DO NOT use saddle soap, polish, wax or any cleaning agents other than a mild Ivory soap and water solution. The use of any cleaning substance other than a mild Ivory soap and water solution will negate any warranties from the leather tannery.

Unprotected Leather

This is a natural leather that cannot be cleaned because it does not have a protective coating. Dust frequently with a clean dry cloth. This leather will fade if exposed to direct sunlight. Leather Solutions has products available that may help the performance of this leather.

You may contact Leather Solutions for assistance at (336) 629 - 4998.

Cleaning Instructions for Fabric

Code S

To prevent overall soil and to remove dust and grime, frequent vacuuming or light brushing is recommended. Spot clean using a mild water-free solvent or dry cleaning product. Clean only in a well ventilated room and avoid any product containing Carbon Tetrachloride or other toxic materials. Pretest a small area before proceeding. Cleaning by a professional furniture cleaning service only is recommended. Caution: Never remove cushion covers for separate dry cleaning or washing, even though they do have zippers. Do not use bleach at any time. The use of steam, water or water based cleaners may cause excessive shrinking or staining of this particular fabric. Do not use any tumble method cleaning service, as this may destroy the backing of the fabric, shrink or otherwise damage the upholstery fabric.

Code W

To prevent overall soil and to remove dust and grime, frequent vacuuming or light brushing is recommended. Spot clean using the foam only from a water-based cleaning agent, such as a mild detergent or non-solvent upholstery shampoo product. Apply foam with a soft brush in a circular motion. Vacuum when dry. Pretest a small area before proceeding. Use a professional furniture cleaning service when an overall soiled condition has been reached. Caution: Never remove cushion covers for separate dry cleaning or washing, even though they do have zippers. Do not use bleach or any tumble method cleaning service, as this may destroy the backing of the fabric, shrink or otherwise damage the upholstery fabric.

Wood owes its inherent beauty to variations in color, grain and texture. As a result, there may be minor variations from one piece of furniture to the next even though they are finished at the same time. Exposure to light and the aging process will cause a darkening of natural wood products. For these reasons, Cabot Wrenn does not guarantee the exact matching of grain, pattern and color.

Special Finishes for Seating

One-time Formulation Charge \$375 NET, plus an upcharge of 5% COM net per unit. For large quantities, contact Cabot Wrenn Customer Service. Light Finishes
